

Mexico City. June 19, 2025

Médica Sur, S.A.B. de C.V. ("MEDICA" or the "Company") informs the investing public that on June 16, 2025, it launched the "Vida en Movimiento" (Life in Motion) program in collaboration with Baxter Healthcare Mexico.

This pioneering initiative aims to promote the circular economy in Mexico by recycling Baxter's intravenous solution bags, which are manufactured with PVC material. The goal is to reduce the amount of hospital waste while giving a second life to any discarded items. This effort is expected to reduce the Company's environmental impact and generate social value for the community.

Complementing the Company's other sustainable actions, the program covers the recent assignment of a favorable opinion for the future placement of MEDICA's sustainable debt securities. These notes, identified under the ticker symbols MEDICA 25X and MEDICA 25-2X, have been evaluated by HR Ratings de México, S.A. de C.V. (HR Ratings).

HR Ratings stated in a press release that its favorable opinion of the future sustainable notes offering is a result of MEDICA's compliance with the four Green and Social Bond Principles of the International Capital Market Association (ICM, GBP and SBP, respectively).

For more information, the reader is encouraged to review the full HR Ratings report:

Forward-Looking Statements

This document contains forward-looking statements. Such statements include but are not limited to: (i) statements regarding our financial condition and results of operations; (ii) statements regarding our plans, objectives or goals, including statements regarding our activities; and (iii) statements regarding the underlying assumptions upon which such statements are based. Forward-looking statements contain words such as "intends," "anticipates," "believes," "estimates," "expects," "forecasts," "plans," "predicts," "seeks," "could," "should," "possible," "guidance" and other similar words, whether in the first or third person; however, these are not the only terms used to identify such statements.

By their very nature, forward-looking statements involve risks and uncertainties of both a general and specific nature, and there is a risk that predictions, forecasts, projections and other forward-looking statements may not be realized. Investors and readers are cautioned that many important factors could cause actual results to differ materially from those expressed or implied plans, objectives, expectations, estimates and assertions contained in forward-looking statements.
